- DEED Technical Sessions will be virtual - presentations will be pre-recorded with embedded audio and the live sessions will be Q&A with the authors (~20 mins each)
 - Check out our exciting DEED conference schedule! Use the online session locator with the Design in Engineering Education Division as the only search term. <https://www.asee.org/public/conferences/172/registration/sessions>
 - We need moderators for the virtual DEED technical sessions! If interested, email zsiddique@ou.edu or bmorkos@uga.edu!

Call for Participation:

Interested in joining the DEED board? Nominations for leadership positions and service roles are now being collected!

Please nominate yourself or others for these important positions with DEED:

- **Program Chair Elect** - Take responsibility for the organization and timely completion of reviews for papers submitted to the sessions sponsored by the Division at the annual conference in close coordination with the Program Chair. This is a 5 year commitment as the program chair elect next serves as the program chair, and on up the board through past division chair.
- **Directors** - Directors serve on the Executive Committee and, upon appointment, on such other committees as the Division may establish. Typically this is around our annual design competition and awards
- Other service positions TBA

Positions will be elected through Zoom polling during the virtual DEED Business Meeting, time/day TBD.
