

Dear DEED Members,

Here is your December 2014 installment of the "All the News InDEED" newsletter.

The intent of this newsletter is to inform the DEED community about upcoming events and related news in DEED, ASEE, and engineering design. Newsletters are sent on the 15th of every month (and the 30th when needed); submissions are welcome.

=====

TABLE OF CONTENTS: DECEMBER 2014

-----

- 1) DEED Activities in Seattle: Suggestions welcome
  - 2) Save the Date: Capstone Design Reception on June 14 at ASEE
  - 3) Faculty Position: Penn State Univ. (Engineering Design)
  - 4) Faculty Positions: Univ. of PEI (Sustainable Design Engineering)
  - 5) Submitting to the InDEED newsletter
- =====

**1) DEED Activities in Seattle - other suggestions?**

Thanks to those of you who have already suggested possible activities/locations for off-site DEED events at ASEE in Seattle next June. Please send any additional suggestions (museums, walking tours, restaurants, sights, etc.) to DEED Chair Susannah Howe ([showe@smith.edu](mailto:showe@smith.edu)). It's time for DEED to do something social outside of the conference - and we want your input. Everybody deserves some fun InDEED!

=====

**2) Capstone Design Reception at ASEE: Save the Date (6/14, 7-9 PM)**

As you're planning your travel to ASEE next June, save the date for a Capstone Design Community reception on Sunday, June 14, from 7-9 PM, at nearby Seattle University. This is a great opportunity to eat and drink with capstone colleagues, see Seattle University's Project Center facilities for their capstone programs, and look ahead to the 2016 Capstone Design Conference. Stay tuned for more details - save the June 14 date in the meantime.

=====

**3) Penn State University Faculty Position: Engineering Design**

We seek creative, dynamic applicants at the Assistant and Associate Professor level who will add new ideas, courses, programs, research, funding, and excitement to the Engineering Design Program at Penn State. Design and innovation are at the forefront of numerous Penn State activities and initiatives right now. Our first students matriculated into our new graduate program in Engineering Design this fall. The college is in a growth phase with a new dean, a significant number of new tenure lines, and a renewed commitment to multi-disciplinary activities within and beyond the College of Engineering. The surrounding environment is also very supportive: State College is a robust college town that values entrepreneurship, innovation, and creativity. Its location in central Pennsylvania combines a good environment for families and young professionals with easy accessibility to NYC, Washington DC, and other metropolitan areas in the northeast.

New faculty will join a diverse team that is actively pursuing new initiatives in education, research, and service in cross-disciplinary methods of design that apply to most fields of engineering. In addition to traditional engineering design concentrations, applicants with backgrounds in manufacturing, built environments, biomedical applications, cognitive psychology, and human-computer interaction are encouraged to apply. Collaborations with other departments in engineering and other colleges are strongly supported. Design experience in industry is desirable. Please see the full details of the position posting here: <http://www.edp.psu.edu/design/position.php>

=====  
**4) Univ of PEI Faculty Positions (5): Sustainable Design Engineering**

The University of Prince Edward Island (UPEI) School of Engineering invites applications from candidates at all levels for five tenure track faculty positions to teach in the School's new Bachelor of Science in Engineering (Sustainable Design Engineering) Degree program. We seek to attract exceptional candidates with industry experience to mentor engineering students in a non-traditional learning environment.

The full job posting can be viewed at: <http://www.upei.ca/hr/competition/34a14>

=====  
**5) Submitting to the InDEED Newsletter**

To submit an item to the InDEED newsletter, please prepare a short description (no more than 2 paragraphs) including any relevant URLs and contact info. Email this information to [showe@smith.edu](mailto:showe@smith.edu). The newsletter will be sent out on the 15th of each month.

Cheers,  
Susannah Howe  
Chair, ASEE DEED 2014-2015
