

DEED members,

We look forward to seeing you all in Columbus!  
Please note the submission schedule below in the DEED Call for Papers.

Robert Nagel  
2017 DEED Program Chair

\*\*\*\*\*

The **Design in Engineering Education Division (DEED)** invites abstracts for papers to be presented at the 2017 ASEE annual conference to be held June 25 - 28, 2017, in Columbus, Ohio. Abstracts may be submitted on topics related to the role of design in engineering education.

**Abstract Submissions Open – September 6, 2016**  
**Abstract Submissions Due – October 16, 2016**  
**Draft Paper (for accepted abstracts) Due – February 5, 2017**

The 2017 Conference Authors Kit is available on this link:  
[https://www.asee.org/documents/conferences/annual/2017/2017\\_Authors\\_Kit.pdf](https://www.asee.org/documents/conferences/annual/2017/2017_Authors_Kit.pdf)

The purpose of DEED is to share knowledge, learning and best-practice experience that improves the quality of engineering design education skills within our community. This division strives to be relevant and inclusive to both instructors in engineering design and engineering educational research practitioners.

DEED seeks contributions on topics that include, but are not limited to, capstone design, innovation in design education, design instruction and pedagogy, teams and teamwork in design education, design for community, interdisciplinary and multidisciplinary design, use of technology to enhance design education, sustainable design, design for “X”, assessment of design activities, design realization, and design methodology.

Authors are encouraged to submit work that could be useful to other design educators and to suggest strategies for transferability and/or implementation. Proposals for new session topics and new session formats are also encouraged.

#### **Technical and Poster Sessions**

DEED accepts both completed research efforts and those that are a work in progress for inclusion as peer-reviewed papers in the annual conference. “Work in Progress” is a mechanism/forum for authors to share and receive feedback on preliminary work. “Work in Progress” submissions are identified in their title, included in the conference proceedings, and are typically presented in the DEED poster session. Accepted final papers will be published in the proceedings and presented in either a technical or a poster session. Any accepted paper may be assigned to a poster session (even when the paper is not a “Work in Progress”) when the paper does not fit into a session topic grouping.

In addition to the ASEE “Publish to Present” requirements, *DEED requires the support of its authors in “Review to Publish” at both the abstract and manuscript stages.* Abstracts for review will be assigned October 20 and are due no later than November 3. Blind manuscript reviews will be assigned February 9 and are due no later than February 29.

### **Panel (and other Special) Sessions**

Panel (and other special) sessions may be proposed in the areas listed for paper submissions. These sessions differ from organized sessions in that they are not published to present; however, an individual abstract for the panel session is required. Persons wishing to organize a DEED panel session should submit an abstract in Monolith as a single paper. In the panel proposal abstract, describe the topic of the panel, the format for the panel session, and proposed panelists. DEED officers and directors will review the submissions for appropriate content.

### **Workshops**

DEED sanctions workshops in the areas listed for paper submissions. Persons wishing to have DEED promote a workshop for the 2017 Annual Conference should retrieve the ASEE workshop form, complete it, and send it to the program chair. DEED officers and directors will review workshop submissions for appropriate content, and will recommend workshops to ASEE. Workshops submitted directly on the ASEE site, prior to DEED approval, will not be recommended to conference organizers for inclusion.

For information about any submission, see the ASEE website: <http://www.asee.org>.

For questions or ideas concerning DEED topics or sessions, contact the 2017 DEED Program Chair: Robert Nagel ([nagelrl@jmu.edu](mailto:nagelrl@jmu.edu), +1-540-568-4956), James Madison University, Harrisonburg, VA, 22807.

Not a member of DEED? Why not join us when you renew?
